

READY TO TAKE THE NEXT STEP?

AOAPRM MASTER MENTOR EXPERIENCE

Personalized One-on-One Hands-On Procedural Training

Dear Colleagues,

You've learned the science behind Prolotherapy. You've attended lectures, participated in workshops, and gained valuable knowledge at our annual AOAPRM conferences.

Now it's time to take your skills to the next level.

AOAPRM is excited to introduce the Master Mentor Experience, a unique opportunity to receive individualized, hands-on procedural instruction from an experienced AOAPRM faculty mentor.

Unlike traditional workshops, this program is designed around YOU and what YOU want to learn.

Choose the anatomical region you wish to focus on, bring your own volunteer model, and work directly with your assigned Master Mentor in a personalized educational session.

With real-time ultrasound guidance and individualized faculty instruction, you'll have the opportunity to refine your technique, deepen your understanding of regional anatomy, and develop greater confidence in your procedural skills.

CHOOSE YOUR AREA OF INTEREST

Shoulder or Knee	\$1,000
Lumbar Spine / Sacroiliac Region	\$2,000
Cervical Spine / Thoracic Spine	\$3,000

YOUR EXPERIENCE INCLUDES

- Dedicated one-on-one instruction with an AOAPRM Master Mentor
- Hands-on ultrasound-guided procedural training
- Personalized instruction tailored to your learning objectives
- Necessary procedural materials, including appropriate needles and injection solutions
- Real-time feedback and practical clinical pearls

DESIGNED AROUND YOUR CONFERENCE SCHEDULE

The Master Mentor Experience takes place during our annual meeting, concurrently with scheduled workshops. No additional travel days. No extra time away from your practice.

AN EXCLUSIVE OPPORTUNITY

Enrollment is limited to just 10 physicians for our inaugural program.

Participants must provide their own volunteer model, appropriate medical history, basic laboratory studies as required, and relevant diagnostic imaging. All models and planned procedures are subject to faculty review and approval.

Take the next step from knowledge to hands-on experience.

Learn from the experts. Refine your technique. Advance your skills.

LIMITED ENROLLMENT • ADVANCE REGISTRATION REQUIRED
